

Lucky Ladies™

Lucky Ladies is an optional proposition bet in blackjack. The proposition is whether or not the player's first two (2) cards equal a total of 20. The outcome of the primary blackjack bet does not affect the Lucky Ladies' bet and vice versa.

How to Play

Players must participate in the regular game of blackjack to play the Lucky Ladies bonus bet. All regular New Phoenix and Last Frontier blackjack rules apply.

Before each round of blackjack starts, you have the option to place a voluntary Lucky Ladies bet on the designated spot on the table layout. You do this at the same time you make your primary bet and before any cards are dealt. After all the players have placed their bets, the dealer deals two (2) cards to each player and themselves. The dealer then checks to see if any of these participating players' two (2) cards total 20.
